

Why do our prayers seem to go unanswered? Do miracles really exist? Can we ever know all the mysteries of our universe? In *Miracles, Mysteries and Prayer*, Rav Berg takes us on a compelling journey where we discover many insightful secrets revealing a mysterious connection between the universe out there and the universe within ourselves. The life-enriching concepts of Kabbalah provide a clear light onto the profound answers and solutions that we personally seek. We begin to realize that prayer can solve many of our own mysteries and create a miracle or two in our own lives as well. The ancient Kabbalists provided us with a technology for activating the power of prayer. For the first time in 2000 years, this ancient technology is being made available to the layperson. This is volume one of a two volume set.
