

Straight As in Fluids and Electrolytes is an excellent review for the NCLEX® and for the fluids and electrolytes component of medical-surgical nursing courses from the LPN through the BSN level. It follows the unique, highly visual two-column Straight As format—an in-depth outline review in the inner column and a quick-scanning key points refresher in the outer column. Other study aids include Top 10 Lists that save students time before exams, Time-Out for Teaching tips on patient teaching, Go with the Flow algorithms, and dozens of illustrations. The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions—including alternate-format questions—with answers and rationales.
