

The Unfinished: A GLBT Domestic Violence Support Manual is a thought provoking, eye opening look at gay, lesbian, bisexual, and transgender domestic violence. The media occasionally highlights instances of violence against the GLBT population, but rarely are the blinds opened to view the violence within the community. This support manual takes a small, but important step toward opening our eyes to the violence that affects an estimated 1 out of 4 relationships in this community. The manual provides readers the opportunity to complete exercises that will help expand their awareness and provide the necessary educational tools needed to break the cycle of violence. Violence does not have to end your life. Finish what you started.
